Project Presentations: Sewing: *by project members The sewing project has been working on making bags, and Gracie showed us some of her projects. She even made a cool little zipper pouch. She also brought in one of her works in progress that is a big bag with chickens on it. She invited all of us to check it out and see all of the fun stuff they did. Market Goats: by Project*

leader Kelly Hinde Monday Jan 24 at the YAL center at 7:00pm. Before that meeting, answer the question, “Why am I doing a market goat this year?” Email your answer to skglashan@gmail.com before the next meeting.

Old Business: Holiday Party: *by all attendees* We had games, a taco bar, a hot chocolate, and a gift exchange. **Flamingo Flocking Fundraiser:** *by Gracie Downs* Gracie showed us our flamingos and reminded us of the flamingo flocking process. It has been super successful and we have done twenty four flocking so far and they keep on coming. We need some more people to volunteer to move the flamingos. We are booked for flocking through February, but we bought two more flocks to make it easier on ourselves.

New Business: Citrus Fair: *by Michael Sitteneauer* The Citrus Fair is a small animal and still exhibit fair in Cloverdale. If it is not cancelled due to COVID that will be the first rabbits and cavy meetings. If you plan on showing anything other than covies and dogs then you need to do your YQCA training. Books are in the back. **Presentation Day:** *by Gracie Downs* Presentation Day is a cool county-wide event where you can give presentations and be evaluated based on your presentation skills. If you do well and get a gold, you can go on to Area, and after that, State Presentation Day. You need to do presentations for your stars. There are lots of different kinds of presentations that you can do. There is a county zoom tomorrow that will give you lots of tips. **Fashion Review:** *by Gracie Downs* Fashion Review is a really cool activity where you make different things for different categories that provide difficult challenges. There is a lot you can do, and there is a fashion review workshop coming up that will give you pointers. You can do it even if you are not in the sewing project. **Livestock Judging:** *by Bailey and Loomis Glashan* Livestock Judging is a really cool activity that helps you learn about all different species. You have time to judge a breeding class of several different species and submit your placings, and then you have to do a class called “reasons” where you defend your placings. It is a super valuable opportunity. It’s really hard, but really fun and no matter what you will learn a lot and everyone should do it at least once.

Birthday Recognition: *by Song & Rec Leaders* We sang our birthday song to everyone born in December and January.

Announcements: Don’t forget to check your email and find the calendar of club events on our website at www.sequoia4h.org. Also be sure to send Kelly pictures and articles for the website.

Adjournment: *by President Wyatt Gerseley* at 8:13 p.m. *Michael Sitteneauer moved to approve the motion, Gracie Downs seconded the motion, and it was passed by vote.*

Respectfully submitted,

Bailey Glashan
