

It's not just about animals ...

4-H is a **community** of **young people** across America who are learning **leadership, citizenship** and **life skills.**

4-H members from age 5 to 18 learn useful knowledge and skills in all areas: from rocketry to public speaking, animal showmanship to sewing. They also learn how to work in a group, become an effective leader, give back to the community, and more, all while having a lot of fun and making new friends.

Sequoia 4-H Club meets at the 4-H Center in Rohnert Park on the second Wednesday each month. Our projects include Arts & Crafts, Baking, Cavies (Guinea Pigs), Drone Discovery, Healthy Living, Goats, Poultry, Presentation Skills, Rabbits, Record Books, Sewing, Swine, Shooting Sports, and more. County-wide 4-H projects are also available to our members. *Visit us and find out how you can be part of something great!*
